PREAMBLE

Szkoła Podstawowa nr 53 z Oddziałami Dwujęzycznymi w Białymstoku and II Liceum Ogólnokształcące in Białystok declares the policy of entry to International Baccalaureate Middle Years Programme designed to support academic success of students, to ensure that they are placed into courses which are both challenging and manageable, and to allow access to the IB Middle Years Programme for students coming from other educational systems. The conditions outlined below are based on the IBO requirements as well as national system regulations.

CHARACTERISTICS OF THE PROGRAMMES

The IB Middle Years programme is offered as a 4 year programme that covers the last two years of primary school and the first two years of high school in the Polish educational system. Szkoła Podstawowa nr 53 z Oddziałami Dwujęzycznymi in Białystok (primary school) and II Liceum Ogólnokształcące in Białystok (high school) are housed in the same building and share the same head of the school as well as teachers and all facilities, though formally being two legal entities. In order to offer our students the most of the IB MYP we decided to implement a four-year programme that spans across the two educational levels.

In consequence, the school admits students to IB MYP 2 and then to IB MYP 4 (that is the moment when students finish primary school, take their exams and are admitted to high school according to the rules and requirements of the Polish national system).

At the same time, being accepted to IB MYP 4 means that after finishing the IB MYP 5 year the student will continue his / her education in the IB Diploma Programme as the cohort accepted for IB MYP 4 (so year 1 in Polish high school) is viewed as one whole continuum.

The alignment of the IB Programmes in our school with the Polish educational system is presented below:

	POLISH SYSTEM	IB PROGRAMMES
Primary education	Year 7	MYP Year 2
	Year 8	MYP Year 3
END OF PRIMARY EDUCATION / EXTERNAL NATIONAL EXAM
